

## **President of SciAn Services to speak at BioContactQuebec 2009.**

### **FOR IMMEDIATE RELEASE**

**TORONTO, ON - September 30<sup>th</sup>, 2009** – SciAn Services, Inc. a Contract Research Organization (CRO) servicing biotech companies in all phases of clinical studies, announced today that Dr. Miklos Schulz, PhD., will be presenting on “*Selecting the Right Biotech CRO: A Potential Investment Multiplier*”. The successful clinical study that completes within budget and complies with strict timelines relies heavily on the people, processes and systems. Through Dr. Schulz’ more than 25 years of industry experience, the presentation will reveal key factors to consider during the selection process for a CRO. The resulting check list is intended as a helpful guideline for choosing the right CRO; thereby, setting the clinical study up for success.

SciAn Services hopes to meet with other companies at BioContactQuebec 2009, to talk about how we can support their clinical development programs with our industry-leading innovative study design methods that will save time and money.

The SciAn presentation is scheduled to begin at 15:30 p.m. EST on Thursday, October 8<sup>th</sup> in the Bellevue room at the Chateau Frontenac Hotel in Quebec City.

### **About Dr. Schulz:**

Dr. Schulz is currently President and CEO of SciAn Services, Inc., located in Toronto, Ontario. Dr. Schulz has some 30 publications to his credit in the fields of applied statistics, metabolism, and clinical research / drug development. His continuing research interests lie in study designs, applied biostatistics, in general with special expertise in pharmacokinetics and -dynamics. Currently he is involved in customizing efficient study designs using sequential and adaptive / Bayesian methodologies for clinical studies.

### **About SciAn**
