

## **SciAn Services opens US office to expand into North America.**

### **FOR IMMEDIATE RELEASE**

**TORONTO, ON - October 01<sup>st</sup>, 2009** – SciAn Services, Inc., a contract research organization (CRO) servicing biotech companies in all phases of clinical studies, announced today the opening of a US office in King of Prussia, Pennsylvania.

“Our Company is experiencing a tremendous amount of growth and opening an office in the US was the next logical step since we already service American clients”, says Miklos Schulz, President and CEO. We hope to increase our exposure in the US and to make a name for ourselves in the United States as we have already done so in Canada”.

SciAn Services hopes to meet with American biotech companies, to discuss how we can support their clinical development programs with our industry-leading innovative study design methods that will save time and money.

### **About SciAn**

Established in 1986 SciAn Services Inc. is a Contract Research Organization (CRO) dedicated to support the clinical development programs of the North American Biotech industry with: Strategic Consulting, Trial Management, Data Management, including EDC, Biostatistics, Medical Writing and Global Safety / SAE Management services. We have completed 605 studies in a wide range of therapeutic areas.
